How does it work?

To access the system on your mobile device, you will need to first download the FREE hoopla digital app from the App Store on your Android or IOS device. There is no need to download an app or extension for your internet browser.

Once you have downloaded the app to your device(s) and/or clicked on the hoopla digital link on our website you will be prompted to enter your email address, a password, your library card number, and your library card PIN number. The system will validate that you are in good standing with the library, so that you may begin to browse, borrow, and enjoy the content.
